

POWER FOR GOOD

Heads Up
Kids

Anti-Bullying Week 2025 - Key Stage 1

WHEN TO RUN THIS?

The PowerPoint can be delivered at any time of the day or week. We recommend facilitating this at the beginning of anti-bullying week. This will give the children an opportunity to practise the learning in the playground during the remainder of the week.

HOW LONG WILL THIS TAKE?

The PowerPoint for the class will take between 5-10 minutes
(Depending on how much interaction and discussion you encourage with the children.)

WHAT PREPARATION DO WE NEED?

Slips of small brightly coloured paper that can be written on and then scrunched up.
Pens and coloured pens/pencils.

POWER SHOWER ACTIVITY:

Ask the class to sit tightly together in a circle with their eyes closed and then gently shower them with all the scrunched up pieces of paper.

DURING ANTI-BULLYING WEEK:

Please remind the children to remember their powers for good.

AT THE END OF THE WEEK:

Reflect with the children on their powers for good. Did they notice any changes in the playground or in the classroom.

OPTIONAL:

Print out the superhero poster for a classroom display. The children can either write their powers for good on the poster, stick on post it notes or add their thoughts on slips of paper.
